**IB-12. DISCOUNTS USED TO DETERMINE LOWEST AND BEST BID:**

In determining the lowest and best Bid, the MVSD will consider all Bids on a basis of the net price to be paid after deduction of the discount specified or calculated according to Section IB-10 (C), except that if the terms specified by the Bidder require payment in less than fifteen (15) days from the date of the invoice, the discount offered will not be deducted from the price named in the Bid to determine the lowest and best Bidder, and the Bid will be considered only on the basis of the unit price actually named in the Bid. But if, notwithstanding the provision of this paragraph, such Bid is determined to be the lowest and best Bid, the MVSD reserves the right to accept the terms named in the Bid if such terms are to the advantage of the MVSD as a basis for payment of invoices only, but not in any case as a basis for determining the lowest and best Bidder.
